DEDICATION

With deep appreciation and sincere gratitude the Class of 1962 dedicates their "Eagle's Nest" to Mrs. Martha B. Joines, who has reigned at Lord Baltimore longer than any other faculty member. For the leadership, help, and guidance that you have given us, we say, "Thank you."

"A guiding star is the heart of our school,
It has shone as our guide through the years;
We hope in the future to find such a star,
To deal with our troubles and tears."

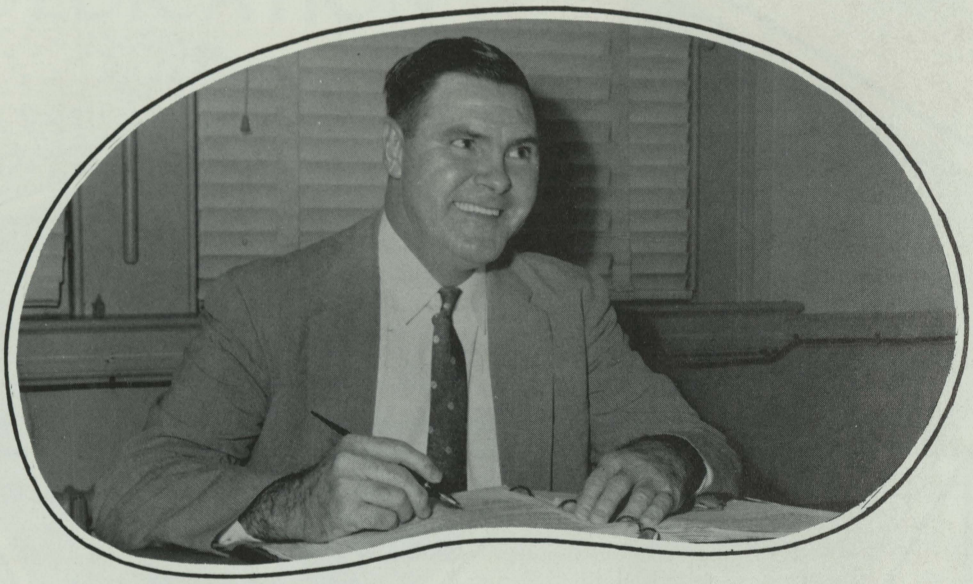
The teaching profession is faced with two major challenges - now and in the near future. These are the "quality" and "quantity" of the teaching personnel.

The quantity of the personnel has been met to a very great degree as most of the children are in classrooms, and these classrooms have teachers.

The quality of the teaching personnel leaves much to be desired. Efforts must be made to train young people to become good and superior teachers. The volume and quality of knowledge that a good teacher must pass on to the students are changing from day to day. This is a definite challenge to education today.

Teaching is a good profession and can become much better if well-qualified young men and women will give some thought to choosing this as their vocation.

Fred Graef



PRESIDENT OF BOARD

TO THE CLASS OF 1962

Congratulations, Class of 1962

During the past four years you have been preparing yourselves for another milestone in your life.

We sincerely hope you have realized the challenge of the jet age and have prepared yourself to meet that challenge.

May I take this opportunity to say thank you for the memories we have had the opportunity to share.

So good luck and may God bless you all in whatever your future endeavor may be.

President of the Board,

William J. Quillen

MR. WILLIAM J. QUILLEN

BOARD OF EDUCATION

SEATED, left to right: MR. WILLIAM J. QUILLEN, DR. WILLIAM R. CAMPBELL, MR. HARRY H. DUKES, JR., and MR. HERMAN L. MUMFORD.

To the Class of 1962

June, 1962, marks the end of another successful school year. Your building of character and capabilities is one year nearer completion. To many of us commencement means that we are just one year older, but to seniors it means the year of fulfillment. Plans begun years ago now have come to completion. Friendships formed earlier become deeper as the time for separation draws near.

May graduation bring to all of you the joy which you have anticipated and for which you have worked. As you move out into the life you have planned, may you have the satisfaction that comes from work well done.

Congratulations and best wishes for a happy life of useful service!

CLASS OFFICERS

we have enjoyed serving our class.

CLASS HISTORY

The curtain of the Class of 1962 rose in September, 1950. This was the beginning of many friendships, tasks, and accomplishments of a most promising group.

Our first scene opens with Mrs. Heistand and Mrs. Gordy preparing us for our role in elementary education and ends with Mr. Mezick and Mrs. Newton helping us to understand the problems which would face us upon entering Junior High School.

Our second scene opens with new directors and members joining our cast in Junior High. These eventful years helped us in furthering our knowledge needed in our next act, Senior High School.

The stage for the performers had its beginning in our Freshman year. We were now facing our vast audience - the future - and behind the stage was a permanent and finely decorated scene - our past. Our leading actors were: President Allan Rickards, Vice-President Rupert Smith, Secretary Ann Calhoun, and Treasurer Faye Rogers. The stage scenery was our first benefit movie, "For the First Time."

Never to be forgotten was our first big dance during our sophomore year, the St. Patricks Dance. How proud we were of our beautiful decorations! This year contained not only social functions but also many tedious hours of study.

Our platform had now taken shape at the beginning of our junior year. Many of us had decided upon our plans for the future. The highlight of this year was our "Prom" given in honor of the seniors. We still cherish the memories of the "Summer Place," and the heavenly music of the orchestra.

The curtain is going down on our last act, our senior year. At last the time has come for each member to go his way, but the friendships that

CLASS HISTORY

we have made, the ideals that we have cherished, the accomplishments and influences that Lord Baltimore School has bestowed upon us, will remain with us forever.

Now the curtain is almost closed on the history of our class of 1962, but our role in life cannot be halted; the performers must continue their role in our stage of knowledge. The audience applauds - our lives begin.

The Senior Class wish to thank all who have patronized the EAGLE'S NEST.

We, the members of the graduating Class rise to take our place in the world. We have been changed by our years in high school and have been given the tools of knowledge with which to build our future.

Our last, our best! We have impatiently awaited this day of days - June 6, 1962. We can look back on this so swiftly paced senior year and find a trunk-full of memories.

Now is our turn to pass on the cloak of seniority to the class of 1963. May they have as many memories as we.

GLE'S NEST STAFF

The year has been frantically active. The staff has been going gray. We had good days and bad. Some days the material was not in on time. There were days when the typists were nimbled fingered; some, when there were no typists at all.

Out of chaos, confusion, and desperate calm the EAGLE'S NEST was made; out of minds and hearts of the staff it comes to you. We hope you like it. It was fun for us, but not enough that we would start again tomorrow, even if we had the strength. We have sent our pencils to pencil Heaven, the yearbook is finished.
